How data brings you better experiences

We want to provide you with the best experience on our products. Sometimes, we show you personalised ads by making educated guesses about your interests based on your activity on our sites and products. Learn more about how Tumblr uses this data for personalised ads.

Get personalised content and ads from our trusted partners

This doesn't mean more ads, it means personalised ones. When you let our partners use cookies to collect similar to what we collect on our sites, they can provide ads that they think match your interests, and measure, report and analyse your interactions with them. Select 'Manage options' to set your data sharing choices with our partners.

Bloggers and your data

When you visit a blog in the Tumblr network, that blog may collect more information than we do, and may provide information to third parties that we have no relationship with, including to advertisers. We aren't responsible for the information collection and use practices of our individual blogs and bloggers.

Select Accept to continue to Tumblr or select 'Manage options' to set your data sharing choices with our partners. Once you're done managing options, select Accept to continue to Tumblr. For more information, visit [pagepeeker.com](#)
